

Parent Input Form

Parent input is an invaluable and crucial tool when policies are being developed and reviewed, setting curriculums and developing our Quality Improvement Plan. The following questions are designed to allow parents to let us know what they need from our service so we can then explore every possible way we can facilitate and meet those needs.

When selecting an Early Education & Care service what are the most important factors for your family:

What activities and experiences do you expect the curriculum will offer your child:

What do you hope your child to achieve from their Early Education & Care service:

How would you prefer Educators & Management to communicate with you:

Is there anything else you would like to add that may assist us in delivering the best possible service to your family:
